Unlock the "Forbidden Algorithm" of your own mind. *LOA RECODED* transcends surface-level wishing, offering a rigorous "consciousness technology" rooted in ancient wisdom and modern neuroscience. By restructuring your neural architecture, you move from passive hoping to precision engineering. Prepare to reprogram your perception and claim the reality you were designed to inhabit.

1. How has modern social media often reduced the Law of Attraction?

- A) To a structured science
- B) To a simplified soundbite
- C) To a physical exercise routine

2. What is the "missing element" that modern manifestation culture often forgets?

- A) Enthusiasm
- B) Architecture
- C) Vision boards

3. The document describes LOA not as a "wishing system" but as a:

- A) Religious doctrine
- B) Financial strategy
- C) Consciousness technology

4. Ancient systems focused on "input mastery," which means restructuring your:

- A) Perception, identity, and attention
- B) Bank account and car
- C) Social media profile

5. Modern LOA often teaches "output thinking," which incorrectly suggests:

- A) You must work harder
- B) If you imagine it, the universe just delivers it
- C) Reality is objective

Section 2: The Mechanics of the Mind

6. What is the "processor" through which you experience reality?

- A) Your physical eyes only
- B) Your nervous system and beliefs
- C) The external world itself

7. What happens when you use visualization without "belief rewiring"?

- A) It produces fantasy
- B) it works instantly
- C) It changes your DNA

8. According to the manual, thoughts shape attention, and attention shapes:

- A) The weather
- B) Perception
- C) Other people's thoughts

9. The "loop" of manifestation ends with environment reinforcing:

- A) Belief
- B) Luck
- C) Physical objects

10. You do not attract what you want; you attract what you:

- A) Script daily
- B) Expect and feel congruent receiving
- C) Talk about most

Section 3: Historical Foundations

11. Which ancient tradition said "The All is Mind; the Universe is Mental"?

- A) Hermeticism
- B) Stoicism
- C) Modern Psychology

12. In Hindu philosophy, the term "Maya" refers to:

- A) Truth
- B) Appearance or projection
- C) Wealth

13. The Sanskrit term *bhavana* means cultivation through:

- A) Physical labor
- B) Imagination
- C) Sound

14. What does the Dhammapada state we become?

- A) What we eat
- B) What we think
- C) What we see

15. In ancient cultures, "The Word" was seen as a:

- A) Creative force
- B) Simple description
- C) Dictionary entry

Section 4: The Bible & Manifestation

16. According to Mark 11:24, when should you believe you have received what you ask for?

- A) After it arrives
- B) While you are praying
- C) When you see proof

17. Proverbs 23:7 suggests that a person is as they think in their:

- A) Mind
- B) Heart
- C) Speech

18. "Death and life are in the power of the..."

- A) Tongue
- B) Sword
- C) Hand

19. Romans 4:17 describes manifestation as calling things that do not exist as though:

- A) They might happen
- B) They did
- C) They were impossible

20. Which verse is linked to the "seeking" mechanism of the brain?

- A) Matthew 7:7 ("Ask, seek, knock")
- B) John 3:16
- C) Genesis 1:1

Section 5: The New Thought Movement

21. Phineas Quimby concluded that disease was often rooted in:

- A) Bad luck
- B) Erroneous belief patterns
- C) Physical germs only

22. William James, the father of American psychology, argued that belief is:

- A) Irrelevant
- B) Causal
- C) A distraction

23. The New Thought movement reframed the mind as:

- A) A functional technology
- B) A mystery
- C) A passive observer

24. Napoleon Hill and Wallace Wattles helped systematize LOA into frameworks of:

- A) History
- B) Prosperity and transformation
- C) Biology

25. The "subconscious mind" does not discriminate between:

- A) Good and evil
- B) Real and imagined experience
- C) Past and future

Section 6: Neuroscience & The RAS

26.What does "RAS" stand for in the brain?

- A) Random Access System
- B) Reticular Activating System
- C) Rapid Alert Structure

27.The RAS acts as a "gatekeeper" for your:

- A) Memories
- B) Sensory filtering and attention
- C) Muscle movements

28.How many bits of information does the nervous system receive per second?

- A) 1,000
- B) 11 million
- C) 50

29.How many bits can the conscious mind actually process per second?

- A) About 40–50
- B) 1 million
- C) 100

30.The RAS is designed to show you what:

- A) Is actually there
- B) Confirms your beliefs
- C) Other people see

Section 7: Neuroplasticity & Training

31. What is the core principle of neuroplasticity?

- A) The brain is static
- B) Neurons that fire together, wire together
- C) Intelligence is fixed

32. Mental rehearsal activates the same neural circuits as:

- A) Sleeping
- B) Physical action
- C) Reading

33. Why do athletes use visualization?

- A) To pass time
- B) It reshapes neural architecture for performance
- C) To wish for a win

34. Visualization shifts from "manifestation" to what in the manual?

- A) Neurological conditioning
- B) Magic
- C) Daydreaming

35. The brain becomes structured around what it repeatedly:

- A) Fears
- B) Imagines
- C) Ignores

Section 8: Identity & Self-Image

36. Who wrote *Psycho-Cybernetics*?

- A) Maxwell Maltz
- B) Napoleon Hill
- C) Joe Dispenza

37. What did Maltz identify as the "master control system" of behavior?

- A) Willpower
- B) Self-image
- C) Education

38. The brain acts like a "servo-mechanism," which means it is:

- A) Random
- B) Goal-seeking
- C) Passive

39. To change your results, you must first reprogram your:

- A) Friends
- B) Self-image
- C) Bank account

40. Identity shift produces results; desire without identity shift produces:

- A) Happiness
- B) Frustration
- C) Luck

Section 9: Modern Experts & Science

41. Who popularized LOA through the book *The Secret*?

- A) Rhonda Byrne
- B) Esther Hicks
- C) Bob Proctor

42. Dr. Joe Dispenza frames LOA using:

- A) History
- B) Neuroscience and quantum physics
- C) Marketing

43. According to Joe Vitale, LOA is not just passive desire, but aligning thoughts with:

- A) Purposeful action
- B) More wishing
- C) Meditation only

44. Lisa Nichols emphasizes that mindset change must be accompanied by:

- A) Silence
- B) Empowerment and courage
- C) Money

45. What does the manual say is the "authority" in the Modern Era?

- A) Mystics
- B) Neuroscience and performance science
- C) Ancient priests

Section 10: Final Synthesis

46. Manifestation is not about "forcing outcomes"; it's about:

- A) Reprogramming filters
- B) Working 80 hours a week
- C) Ignoring reality

47. "Hope waits. Architecture..."

- A) Wishes
- B) Trains
- C) Sleeps

48. Is the Law of Attraction meant to produce "miracles"?

- A) Yes, always
- B) No, it produces predictable outcomes
- C) Only for lucky people

49. The mind is not a mirror of reality; it is a:

- A) Camera
- B) Lens
- C) TV screen

50. When the mind changes, what follows?

- A) Nothing
- B) Reality
- C) More thoughts

Conclusion

You now possess the blueprint for total mental sovereignty. The transition from "viral manifestation" to "neural reprogramming" is complete. As you engage with the *LOA RECODED* programming, remember: you are not just visualizing a better life—you are physically rebuilding the lens through which your universe is created. Step into your new identity.
